

The Modern Stove Family

Bari Gas

Direct Vent Gas Stove

 Model 8181

With its sleek cylindrical shape and a variety of luxurious finish options, the Bari Gas complements any contemporary living space. Enjoy the glow, warmth, and ambiance of a real fire at the push of a button.

Built around the dependable SIT 821 ignition system with a seven-day safety timeout and included programmable remote control, the Bari Gas offers flexible operation to suit your preferences.

Our Bari Gas stoves are expertly crafted in cooperation with HASE Kaminofenbau GmbH in Trier, Germany.

New Product Highlights

8 FINISH OPTIONS · 2 LOG SET OPTIONS · PROGRAMMABLE REMOTE CONTROL

Sleek steel, designer ceramics, or natural soapstone transform our modern stoves to suit your aesthetic.

Bari Gas Stove Features

Ceramic Firebox Panels

Ceramic panels line the back wall of the firebox. The panels have a textured surface and a gloss finish that reflects the light of the fire throughout the firebox.

Integral Safety Screen

Our curved safety screen is integrated seamlessly, completing the design of the stove and increasing the realism of the gas fire.

Log Set Options

Our realistic ceramic logs match the flame pattern. They sit above a bed of glowing embers.

Choose from 2 styles:

Split hard wood 91-66710 Split birch 91-66700

Programmable Remote Control

Fully programmable with a 7-day schedule in automatic thermostat mode, or manual On/Off operation. Battery-powered RF communication provides convenient wireless stove control.
